## LANGUAGE SKILLS, ACADEMIC PROJECTS & CERTIFICATION

---

- Portfolio: [www.nathanaeljdj.wixsite.com/portfolio](http://www.nathanaeljdj.wixsite.com/portfolio) || [www.linkedin.com/in/nathanaeljohnson1](https://www.linkedin.com/in/nathanaeljohnson1)
- Python, Java, SQL, R, Tableau, Minitab, HTML, UID
- Statistical Analysis Software (SAS) base certification.
- Database Management Systems**, Spring 2020
  - Developed queries of multiple-table, relational databases using SQL and displayed the results of using visual analytical techniques.
  - Completed a group project that required integrating knowledge of MySQL relational database management systems.
- Analytic Methods Using SAS/Python**, Spring 2021
  - Integrated principles-based academic foundation with professional use of SAS Studio for the storage, description, categorization, linking, and discovery of resources.
  - Improved skills used for SAS Studio by being familiar with the standard schemata, frameworks, languages, vocabularies, formats, models, and rulesets by completing weekly projects.
- Modern Comp App for Data Science**, Fall 2021
  - Gained an understanding of Tableau and R by completing weekly lab projects to process data into data visualization, analysis, and research.
  - Condensed large datasets into smaller data visualizations, analysis and research that were easy to understand using Tableau.
- Principles to Data Science**, Fall 2021
  - Improved critical thinking skills through demonstration of applicable concepts measured by building relational databases in SQL with python weekly
  - Collaborated on a team to understand the data we collected to assess a hypothesis put forth.
